TABLE | 45

TENNESSEE

Sour mash is a process used in the distilling industry that uses material from an older batch of mash to start the fermentation of a new batch, analogous to the making of sourdough bread with a starter.

Tullamore Dew 14yr \$14

The word "whiskey" is an Anglicization of the first word in the Gaelic phrase, *uisce beatha*, meaning "water of life."

TABLE | 45

RYE

For a spirit to call itself **American rye whiskey**, it has to conform to a strict set of legal regulations. First, the mash has to be made up of at least 51 percent actual rye grain. The bill's remaining 49 percent usually winds up being a blend of corn, wheat or malted barley.

TABLE | 45

JAPANESE

Less than a century old and with only a handful of distilleries, Japanese whisky has moved fast to develop its own unique style – or rather styles – and has met with growing acclaim in the West in recent years. From light and precise to smoky and fat, its malts and blends offer a world of whisky in miniature.

ハイボール

Hibiki Japanese Harmony \$17
